IHPeng London Seminar 2010 - 9th September 2010

Greetings!

Helical piling is an increasingly significant foundation solution in many important sectors around the world, replacing concrete as the preferred construction choice. Learn how your project can benefit by using the method and hear from local and international experts in the field.

The Institute of Helical Pile Engineering is holding its first seminar on the 9th September 2010 at the ICE Headquarters, One Great George Street London. The seminar is bringing together experts from the global helical piling industry to share knowledge and experience.

You are invited to take part in this must attend industry seminar of the year.

Please visit the [Seminar website](#) to register and find out more about the event.

Sign up now for the 'Early-Bird' rate of £249. Normal price £299.
